Sir,

I respectfully beg to represent that, Government having been graciously pleased to grant me a house-building advance to enable me to build a house in the Mallewaram Intension, I purchased a site of 100' x 45' and have built up a small house of 28' x 22' having only a hall and two rooms. The house has neither a Kitchen nor a bath room, not even a well. No pipes are yet laid out in the street in which my house is situated. These have yet to be built in order to make the house habitable.

I humbly beg therefore that you may be graciously pleased to recommend my case to the Government for a second advance of 6 months' pay to enable me to effect the required additions so that the benevolent object

Report on the inspection of the house of
S. Padmanabha Rao, Accountant Comptroller's
Office, situated in the Malleswaram
Extension.

I inspected this house on the evening
of the 20th December 1903, and the District
Suboverseer accompanied me to aid me
in the valuation of the house and other
technical matters.

From this Treasury Office records it is
seen that the first advance has been fully
paid up, the original advance being Rs 420/-.

The valuation of the house as it stands
at present is nearly Rs 500/- according to the
estimation of the Suboverseer and myself.

A copy of the original and approved
plan was submitted.

The proposals of the owner with
regard to the improvements of his
building are the construction of a Kitchen
room, a bath room, a verandah and a
latrine.

His own rough estimate furnished
to me amounts to Rs 400/- and the District
Suboverseer thinks that the improvements
could be effected at a cost of Rs 300/-.

Bath room, Kitchen and latrine are
necessary, and no house can be without
them; the second advance may therefore
